

# RESEARCH OPPORTUNITIES at the UNIVERSITY of MICHIGAN

2

Currently the Department of Physical Medicine and Rehabilitation at the University of Michigan is conducting five research studies focusing on cerebral palsy. To determine if you or your child is eligible to participate in any of these studies, please contact the research team of the specific study.

## **WORKING MEMORY STUDY (HUM00055681)**

Children who take part in this study will be able to try computerized tests of working memory. Participants can expect to spend approximately 3 hours in the study and will receive an honorarium of \$50 for their time and effort.

**If your child** is between the ages of 6-16 years with a clinical diagnosis of ***cerebral palsy*** and is able to make a clear Yes/No response, please contact the researchers at 734-936-6023 or [PMR-UMACAL@med.umich.edu](mailto:PMR-UMACAL@med.umich.edu)

## **RHIZOTOMY OUTCOMES STUDY (HUM00070864)**

Adults who take part in this study will complete a computer survey. Participants can expect to spend approximately 20 minutes completing the survey (at a location of your choosing) and will receive a \$5 gift card for their time and effort.

**If you** are between the ages of 18-35 years with a diagnosis of ***cerebral palsy*** and have either had a rhizotomy before age 10 **OR** have not had a rhizotomy at all, please contact the researchers at 734-764-5217 or [PMR-CPresearch@med.umich.edu](mailto:PMR-CPresearch@med.umich.edu)

## **WOMEN'S HEALTH STUDY (HUM00077160)**

Adults who take part in this study will participate in focus groups of 8-10 women with physical disabilities. All information will be shared in a safe, supportive and completely confidential environment. Participants can expect to spend 60-90 minutes in the study and will receive \$25 for their participation.

**If you** are a women between the ages of 20-50 years with a ***physical disability***, please contact the researchers at 734-971-0277 x27 or [WomensHealth@umich.edu](mailto:WomensHealth@umich.edu)

## **SCREENING and EXERCISE HEALTH STUDY (HUM00067890)**

Adults who take part in this study will participate in research that is looking for new ways to identify general cardiovascular and metabolic health risks and exercise participation to reduce these risks. Participants can expect to receive an honorarium up to \$220 for full participation in the study.

**If you** are between the ages of 18-45 years with a clinical diagnosis of ***cerebral palsy*** and have NOT participated in exercise during the past 6 months, please contact the researchers at 734-763-0692 or [mdpeterz@med.umich.edu](mailto:mdpeterz@med.umich.edu)

## **HEALTH SELF-MANAGEMENT of TEENS AND YOUNG ADULTS STUDY (HUM00081812)**

Teens and young adults who take part in this study will complete standard paper/pencil or computer tests that measure thinking and motivational factors. Participants can expect to spend approximately 3 hours in the study and will receive \$50.00 for their participation.

**If you or your child** are between the ages of 13-29 years with a clinical diagnosis of ***cerebral palsy OR spina bifida*** and live with a parent or legal guardian, please contact the researchers at 734-936-6023 or [PMR-UMACAL@med.umich.edu](mailto:PMR-UMACAL@med.umich.edu)
